

Saint Andrew's Society of Williamsburg

KEN GRAHAM EDUCATIONAL SCHOLARSHIPS

The educational purpose of the Ken Graham Educational Scholarships is to provide financial support toward the advanced study of an area of Scottish culture leading to a degree at a college or university in the United States or the United Kingdom. This includes, but is not limited to, Scottish language, literature, history, music, genealogy, politics, and religion. Only applications relevant to the study of Scottish culture will be considered.

- Scholarships will be made directly to the educational university or college to assist in defraying the cost of tuition or course fees. Exceptions will be considered only when fully justified.
- Applicants are required to support their application with three letters of recommendation from school principals, teachers, or faculty members, as appropriate.
- If feasible, applicants must be willing to attend an interview with the Ken Graham Educational Scholarship Committee.
- Scholarships will be awarded based on relevant study objectives and financial need. Race, gender, ethnicity, or religion of the applicant will not be considered in the award process.
- Preference will be given to residents of Williamsburg and the Hampton Roads, Virginia area. However, persons outside the area are also invited to apply.
- All scholarships must be utilized within a year after award.
- Applicants who have been tentatively selected must submit a letter from the educational institution showing their acceptance and enrollment/registration in that institution in a field of study or training directly leading to a degree with a major relating to Scottish culture.

- Scholarship recipients must submit a certificate or letter to the Saint Andrews Society from the institution confirming completion of that course of learning or semester and the grades awarded for which the scholarship was given.
- Scholarship recipients, if feasible, will be expected to attend a general meeting of the Society to address their course of study's outcome. As a minimum, a thesis, dissertation or report on the courses of study must be submitted to the Society.
- For scholarship recipients who request additional awarding of scholarships from the Society, it is important that the two requirements above be properly fulfilled.
